RESOLUTION #5

We, the Board Members of PAAG, would like to endorse the proposed language for the PAAG ID Card and the Acknowledgement Letter, stating that:

"The holder of this card is disabled and a member of a *protected class* as defined by the *Americans with Disabilities Act* of 1990 and covered in *Section 504 of the Rehabilitation Act* of 1973. The prescription of treatment and medication can only be changed by the cardholder's treating physician. Any interference with the provision of treatment and medication constitutes a breach of law with potential criminal and civil sanctions and remedies."

We would also like to recommend that Aegis Institute, Inc. and Aegis Medical Systems, Inc. will offer the cards to all patients, and that the card will be issued upon the patient's signing of a Waiver for Release of Information.
